CURED TOBACCO

MITATIONS of GRAPE Tobacco which are not so sweet are trying to remedy this failure by extravagant advertising, hoping that this may make up for the loss of that sweet taste peculiar to GRAPE, and that no imitacan get. A representative of a "so-called" Sun-Cured manufacturer offered us some time ago \$25,600 for Grape formula. We answered that the secret was to use only the natural sweet old Virginia sun-cured leaf as filler; but, unfortunately for them, they are so located as to be unable to secure this leaf advantageously, so they are excluded from all chance to get that sweet taste of GRAPE which all consumers want.

GRAPE has the Old Virginia Sun-Cured sweet taste and flavor, which tells the story why more GRAPE is sold than any other sun-cured brand in the world.
